

Block Parties

The City of Wentzville encourages neighbors to get out and get to know each other. One way of doing this would be to host or participate in a block party. Block parties allow neighbors and their children to interact with each other and exchange tales and information about themselves.

If you wish to host or schedule a neighborhood block party, contact Chief Robert J. Noonan at the Wentzville Police Department at 636-639-2100 for prior approval.

Guidelines for Block parties:

1. Roadways cannot be blocked as to restrict access of emergency response vehicles.
2. All affected neighbors must be in agreement to having the block party.
3. Music is allowed, but shall not be played at a level that would create a peace disturbance.
