

## Police Appearance Request

The Wentzville Police Department's Public Relations Department can arrange for a uniformed Wentzville police officer to visit your neighborhood get-together, meeting or school function. In some cases, an officer may be accompanied by McGruff or certain pieces of the police department's specialized equipment can be demonstrated. Our officers participate in special events such as child fingerprinting in conjunction with community events. To arrange for a Wentzville police officer to come and speak with your group, contact our Public Relations Department at 636-639-2103.
